Well, well, well! Isn't it hot? Of course it is, but that is just the difference between bricks and trees. Now in the country instead of hobbling over cobble-stones you can stroll over the cool grass. And no city park ever yet was as refreshing as a big shady country yard it pays to go to the country—whether you count your dividends in mensy saved or health gained—and you can find where to go by reading the T-D Want Ads. They tell you about the comfortable Country Houses. Read, go and get cool.
